The Business Corporate Slideshow offers a modern and creative display for corporate presentations in After Effects. Featuring a futuristic holographic interface, it showcases products or services through images, text, and videos.

How do users design images, text, and video as a slide show in After Effects?

You can use the "Business Corporate Slideshow" to design your project.

With modular inputs, users can easily customize content with drag-and-drop functionality. The template includes options for light or dark logo colors, glitch effects, and tag text.

Available in two versions with different numbers of image placeholders, it supports resolutions up to 4K. No additional plugins are required, and render times are reasonable considering the high-quality output. A comprehensive YouTube tutorial with voiceovers and included sound effects makes this slideshow template a versatile tool for various corporate purposes.
