

Amanda Diaz – Romantic Pretty Textures

2025-02-10 17:03:42 [label](#) [我要反馈](#) [下载页面](#)

What Can You Expect to Receive?

Improve your photos using this assortment of Photoshop Textures designed to add beautiful and memorable elements to your photographs.

The Textures will change and frame your subject matter so that they appear to be an array of different appearances. It is possible to imagine your images illuminated by the light of the trees, and filtered through shifting clouds in a variety of colors and reflected amid the mists on spring day.

The Textures are available in 18 different styles available to experiment with, each one with various degrees of color grain, or hue. Explore them all and determine which one is the best fit for your particular photograph.
