Locked On Stabilization Effect (Videohive 42845073): You can achieve the stabilized lock-on in Davinci Resolve with only a few clicks!

Create a mask of the object you wish to stabilize. Then click the track button. You can choose to use an auto-zoom feature or alter the size of the clip.

With its built-in tracker, the macro stabilizer can stabilize your handheld image just like it was shot using a stabilized gimbal.

Ideal for any commercial advertisement for a company for any type of commercial advertising on Instagram, YouTube, or YouTube, including fitness, sports, or gym videos. Photos, music videos from a vacation as well as wedding-related slideshows. Video tutorial Included.
