Procreate Dreams: Transform Your Video Content with Animated Transitions: Unlock the synergy of illustration and video with Procreate Dreams in this comprehensive class. Join multi-disciplinary creative Smitesh Mistry as he shares his journey of exploring creativity across various disciplines, from illustration to videography to animation. Renowned for his distinctive and abstract style showcased on platforms like Instagram, TikTok, and Skillshare, Smitesh now unveils the transformative potential of Procreate Dreams.

In this class, Smitesh guides you through harnessing the power of Procreate Dreams to infuse animations into your videos, taking your content to new heights. You'll discover how to seamlessly integrate animated transitions, dynamic characters, and hand-drawn elements into your video projects.

With Smitesh as your mentor, you'll:

- Master smooth transitions between clips using keyframes and the Performing tool
- Utilize advanced techniques like grouping animations, onion skinning, and the flip book function
- Add movement, adjust anchor points, and create masks to enhance your animations
- Explore techniques for rotating, texturing, and illuminating your animated elements for added realism

Additionally, Smitesh generously provides video content, allowing you to dive straight into your animation projects.

Whether you're a content creator seeking to infuse your videos with captivating animations or inject creativity into your projects, this class equips you with the skills to craft videos brimming with intricate animations and dynamic motion. By the end, you'll deeply understand Procreate Dream's potent tools and be ready to unleash your creativity with confidence.
