Wedding Titles (Videohive 24973837) - PR Project: Titles Pack is an easy-to-use and beautiful animated template that can be used to create an unforgettable wedding after movie, memorable intro movie-style love story or a slideshow for the family.

The clean, flat design aids in creating that romantic feeling that's so crucial for viewers who are watching it in the final.

Within this pack, you'll get more than 240.MOGRN files to use with Adobe Premiere Pro and an extremely thorough tutorial video and text to help you understand how it functions. Utilizing professionally designed custom controls inside the Essential Graphics panel you can create your title quickly and easily.

The Premiere Pro project is fully compatible with Adobe's Premiere Pro CC 2017 and above. It does not require additional plugins.
