Rebecca Lily – PRO SET VII:

Pro Set VII offers a diverse collection of 55 presets designed to enhance your photo editing experience. With 40 unique color palettes, users can create styles ranging from bold and luxurious to soft and soothing. The set includes:

- **35 Color Presets**: Features darker cinematic styles, pastel tones for luminous effects, soft palettes for delicate treatments, and vintage looks for a nostalgic feel.
- **5 Black & White Presets**: Carefully crafted to maintain tonal range.

- Improved reliability across all file types, including mobile photography.
- New Fade and Soft series for gentle colors and delicate gradients, ideal for challenging lighting situations.
- Moody color grades for cinematic impact.
- A Pastel series that adapts to various lighting conditions.
- Optimized for beautiful skin tones, reducing the need for retouching.
- Compatible with RAW, JPG, TIFF, and DNG formats.
- Includes Lightroom, Lightroom Mobile, and ACR versions.

The toolkit also provides 15 adjustment tools for quick edits, alongside a "Reset Presets" feature that preserves crop and exposure settings. Pro Set VII is designed for compatibility with a wide range of camera models.
