The customizable Dome, coupled with innovative Wrap and Hooks systems, facilitates the creation of dynamic, distinctive scenes. With true ground projection and shadow capture, animations within the Dome come alive. Additionally, the new version introduces cube and cylinder-shaped Domes with Hooks functionality, enabling seamless integration with HDR images.

"BlenderMarket – Hdri Maker" Samples:

The Wrap system enables realistic ground interaction, while Light Studio Tools simplify lighting setup. Volumetric Fog adds atmospheric depth, and the Shadow Catcher works seamlessly in both Cycles and Eevee. The add-on's intuitive interface enhances workflow efficiency, with features like HDR creation directly from scenes.

With a diverse array of included features, from various Dome types to ground projection and shadow manipulation, HDRI Maker Studio revolutionizes 3D scene creation in Blender.
