What is Teal & Orange Photoshop LUT Presets?

Teal and orange are complementary colors often used in cinematography and photography for color grading. The combination of teal shadows and orange highlights creates a visually striking and cinematic look. LUT stands for "Look-Up Table," and LUT presets are settings that can be applied to an image or video to achieve a specific color grade or look.

So, "Teal & Orange Photoshop LUT Presets" is a set of presets designed for use in Adobe Photoshop. These presets would apply a teal and orange color grading to your images, creating a cinematic or stylized appearance.
