Awards Titles Promo (Videohive 35702236)

2025-02-10 16:41:47   label 我要反馈   下载页面

Golden Titles Promo is a versatile Premiere Pro project designed for creating stunning awards show openers, ceremony promos, or elegant Christmas greetings. Featuring customizable titles and stage colors, it supports both photos and videos seamlessly. The project includes a variety of elements such as opener scenes, transitions, lower thirds, and loopable backgrounds, all accessible through an easy-to-use interface. Suitable for Premiere Pro 2019 and above, it offers FullHD resolution at 30fps and includes a detailed PDF tutorial for straightforward implementation.

Package information

This Premiere Pro CC motion graphics package, last updated and published on 20 January 2022, includes template files and video assets for seamless integration into video projects.
