Halloween is the month for Halloween which is a time of scary activities such as trick-or-treating, as well as watching scary films and shows such as "Stranger Things"! "Stranger Things" title sequence "Stranger Things" title sequence is now a classic and pays tribute to the 80s and becoming a major aspect of the show's identity.

This course will help you be taught how to make retro-inspired title sequences that are inspired by the TV television show "Stranger Things". This course is ideal for designers and artists, who are either new or experienced in Adobe After Effects. We'll go over each step involved in a clear method, step-by-step beginning from scratch. Keyframes are used for text animation, applying specific effects, importing audio, and rendering.

When you're done with the course you'll have a greater comprehension of these tools as well as how to create an atmospheric, retro-animated text display. This knowledge can be applied to create your own trailers for movies or video effects as well as animated sequences.
