Unity Asset - 500+ Stylized Floor & Ground Textures – Concrete, Ceramic, Stone & More v1.1.0: Elevate your game environments with Game Buffs' expansive collection of over 500 stylized floor and ground textures, meticulously crafted for use in a diverse range of stylized, fantasy, and RPG-style game settings. This comprehensive assortment includes textures such as brick, stone, concrete, pavement, asphalt, wood, ceramic, and more, ensuring versatility and flexibility in your game design.

Each texture in this collection is seamlessly tileable, allowing for smooth and consistent application across various surfaces and environments within your game. Whether working with standard Unity terrain, Unity standard shader, URP, HDRP, or other rendering pipelines, these textures are fully compatible, ensuring high-quality visuals across different platforms and scenarios.

- A collection of 516 textures thoughtfully curated to provide a wide range of options for floor and ground surfaces in your game environments.
- Five hundred sixteen materials and terrain layers are included, offering a comprehensive solution for your game development needs.
- Each texture comes with Albedo, Ambient Occlusion, Height, Normal, Metallic, Roughness, and HDRP Mask maps, ensuring compatibility with a variety of rendering pipelines and shaders.
- All textures are in high-resolution 2048x2048 PNG format, delivering detailed and immersive visuals.
- The seamless and tileable design ensures seamless transitions and continuity across surfaces, enhancing the overall aesthetic of your game.
- It is optimized explicitly for HDRP and URP rendering pipelines, offering full compatibility and support.
- With over 500 textures available, this collection provides a vast array of options for creating diverse and captivating game environments.
