Online Learning Course Promo (Videohive 42951508): The perfect platform for promoting online courses, distance learning, tutorials, and education. Distance education, also known as distance learning, is the learning of students who might not be physically present at school. Traditionally, this would involve correspondence courses in which students communicated with the school via email, and it is now a form of online education.

With this template, you can create a PowerPoint for your online school or interactive learning. You can also create promotional materials for online classes (MOOCs) that offer large-scale open access and interactive participation via internet access World Wide Web or other networks. These are the most current learning methods in distance education.
