Aescripts Uber Key 1.0 (Win, Mac): Revolutionize your animation path adjustments with ease! Introducing Uber Key – the ultimate solution for making changes to animated paths effortlessly. No more tedious tweaking of individual keyframes; with Uber Key, modify your mask and shape paths by changing the path once!

Uber Key Features:

- **Single Path Modification:** Tired of adjusting every keyframe separately? With Uber Key, simply switch it on, make your desired changes to the mask or shape path, and switch it off. Experience a hassle-free process that saves you time and frustration.
- **Mask and Shape Path Flexibility:** Select your mask or shape path, activate the Uber Key, and seamlessly modify your path points and curves. Enjoy the freedom to refine your animation paths without the need to navigate through countless keyframes.
- **Universal Application:** Once the Uber Key is turned off, all modifications apply consistently to the remaining keyframes. Achieve uniform adjustments across your entire animation with just one path modification.
- **Targeted Keyframe Adjustments:** Need to apply changes only to specific keyframes? No problem. Simply select those keyframes before turning off the Uber Key to ensure precise modifications where you need them.

Usage Instructions:

- Select your desired mask or shape path.
- Switch on the Uber Key.
- Modify your path points and/or curves as needed.
- Switch off the Uber Key.
- Witness the magic as all modifications seamlessly apply to the remaining keyframes.

Compatibility:

- Uber Key is designed to work smoothly with After Effects CC 2015 and later versions. While previous versions might function, they have not been explicitly tested for compatibility.
- Upgrade your animation workflow and bid farewell to the arduous task of adjusting keyframes one by one. With Uber Key, transform your path modifications into a simple, efficient, and time-saving process.
