Does this product work on Windowns and Mac Os? We mostly include the operating system in the title. if it is not written, it will work on Windows, and you can for the Mac version.

Now, you can design them right inside Adobe After Effects thanks to our application.

All you require is a depth map, and possibly the texture. Both are generated with After Effects integrated tools.

First time experiencing Stereograms? Check out this article to learn how you can make the magic occur
