This sample pack comes with all the instruments you require to produce your own masterpiece. It's packed with cinematic sequences and arps with hypnotic and shimmering bass and massive and powerful drums, as well as hybrid atmospherics and dazzling melodies, organic leads, modern sounds, pounding percussions, FXs, drum hits, and more. This pack contains all of them and is perfect for any cinematic production, or any electronic genre.

It is possible to get this collection with 1.37GB of content, spread across 200 loops ranging between 90 and 130 BPM and 158 mind-blowing One-shots, three inspiration kits (incl. three full mixes and 18 stems), and 2 Battery Kits. Loops folder includes 20 Arp Loops and 31 Bass Loops and 83 Drum Loops as well as 25 Hybrid Ambience Loops 30 Melodics, and 11 organic textures. Oneshots folder has 21 Tones and 7 FX Hits, and 130 Drum Hits split into 22 Hihats 23 Kicks, 19 Snares, and 66 Percussions and Claps that you can use to make your own unique sequenced beat. The loops and samples are KEY-tagged and tempo-tagged for versatility which means you can utilize these loops in any way you want.

"Lumina: Cinematic Electronic perfectly can be used to create media music and cinematic compositions for commercials, and advertising as background music. This is also a great choice for producers of all genres who are looking to add this type of sound to enhance their productions. The range of sounds includes Cinematic or Ambient to Downtempo to Electronica Chill-out to Liquid DnB New Age to IDM and the experimental genres, these sounds can aid in bringing any track to life.
