**Intervention 4.26:** We've developed a range of sound effects specialized to be used in EPIC Games for hire over the past several years. If our clients can count on us to provide quality audio, we can, too. The group that forms the foundation of SoundMorph has over twenty years of working with AAA game studios such as BioWare, Electronic Arts, and Microsoft. So, we are familiar with the need for sound in games and the type of sound you need. Our clients include businesses like Skywalker Sound, Electronic Arts, Apple, Disney, and many others.

Intervention is the most comprehensive and meticulously studied SWAT sound effects library to ever be recorded using weapons by the top Hollywood weapon recordist Charles Maynes. We've assembled an inventory of American SWAT teams' most frequently used weapons, offering you an entire sound system that you can use in the latest movies, TV, or games. We've also included foley and useful items like explosives, boots as well as gun handling, and the movements of body gear, making this the best-constructed SWAT sound pack library we've ever had!

- US SWAT teams commonly use gunshots with 13 shots.
- Options to suppress and burst are available for all weapons.
- Shot variations for dry, open indoor, and outdoor locations
- The 14-gun set comes with gun sets that include reloads as well as magazine inserts and the capability to shoot with cocking
- SWAT body gear movements
- Batons or night vision goggles battering rams, and more
- Large explosives and explosive sweeteners as well as explosives with explosives.
- Designed gun handling files for gun movements
