Digital Event Promo - AE Project 32033207: Promoting your event is more effective than telling people it will be great. Why not let them see it?

Let me simplify it for you: Video marketing should be your first step. This statement isn't convincing enough. Studies show that video marketing can boost click through rates by 250% and conversions by up to 80% when included on landing pages.

Event Promo is useful for: Conference Promo, Talk Show Event Promotion, Entrepreneurship and other special events. You can use it for: rhythmic event promos, web summits, talks conferences, and you can also announce your event on social media.

This template is designed to help you create great promotional videos and share them with the world. This After Effects template can be used to create great promotional videos that you can share with the world.
