This product uses WinWrap ® Basic, Copyright 1993-2008
Polar Engineering and Consulting, <http://www.winwrap.com/>.

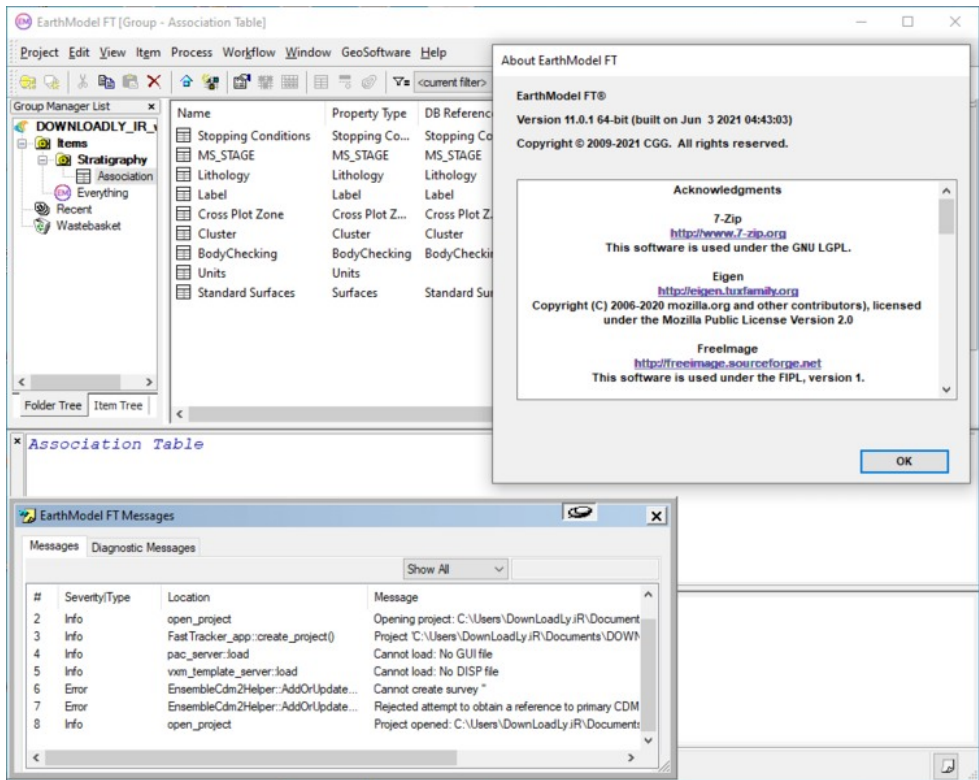

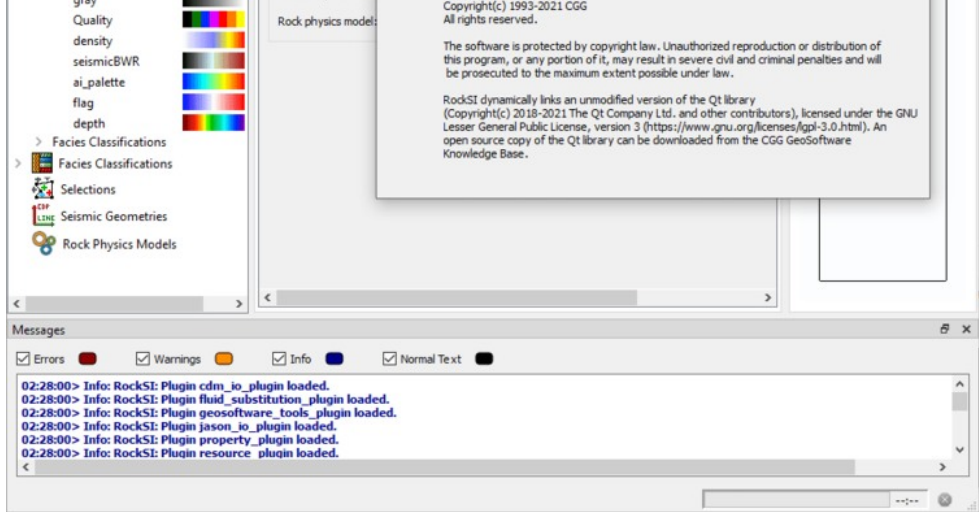

Baker Hughes Inc. (BHI) is the source of the software used in
PowerLog for laminated shale-sand analysis and the owner of
all rights thereto. The Baker software is used under license
from BHI, but neither BHI nor Jason guarantee the
reproducibility or accuracy of answers derived from its use.

FracRat was developed with the assistance and cooperation
of Baker
Hughes Inc. (BHI) and CGG GeoSoftware would like to thank
the BHI
Pressure Pumping group for their assistance and particularly
to Angel
Gonzalez and Tom Watson for allowing CGG to use their
proprietary
internal packages and Angel Gonzalez for aiding in the
development
and testing of FracRat.

FracRat was developed with the assistance of BHI but neither
BHI
nor CGG guarantee the reproducibility or accuracy of answers
derived
from its use.
