**Techno Digital Animated Alphabet VH-22592914:** Techno Digital Animated Alphabet is an application toolkit for making title graphics that have a digitally drawn appearance. The template comes with three sets of symbols!! 26 English letters as well as 10 numeric and 20 special glyphs.

- The item featured is a project that gives you the greatest control over the design as well as the color and the animation! This can be used to design your main titles.
- Each symbol is pre-animated and pre-rendered to an edgy style. This is ideal for speedy creating your Main title or bumper.

100% Digital Style Drawn!

Each element and character is a unique design created and animated using technology by our team of creatives. After import, we utilized auto-trace within After Effects to trace each element and character, thereby reducing additional files and speeding up rendering time!
