**Dynamic Opener (Motionarray 790450):** Dynamic Opener is a sterile-looking and Creatively revived After Effects template having an eye-catching layout. It utilizes Vibrant effects to show and improve your media. It comprises 27 editable text Layers and 20 photo/video placeholders. A wicked introduction for your Demonstrations and slideshows or you'll be able to use it in order to display your new goods, Portfolio, sports, and style photos. Download this wonderful AE template now! No plugins needed.
