How to design a minimal style design for social platforms in After Effects?

You can use "Stories - Minimal".

Where can I download the product?

After subscription, You can download it for free from here.

How to use

- Open or import **Stories - Minimal.aep** in After Effects
- You can see all the available stories in the Project window, all of them can be used and adjusted in the same manner
- Drag & drop a composition to the timeline
- Open the composition and double-click on a **red text layer** to edit the text
- Open a **yellow Media pre-comp** to add your footage there
- Select an **orange _controller** layer to adjust the available parameters
- All the stories are auto-resizable, so you can use any resolution and aspect ratio

What is Stories – Minimal?

"Stories – Minimal" is a design or creative concept that follows a minimalistic approach, often associated with visual storytelling elements used in social media platforms, graphic design, or web design.

In essence, "Stories – Minimal" signifies a design philosophy that prioritizes simplicity, clarity, and visual harmony, particularly in the context of storytelling for social media or other design applications.
