- Works with Adobe Premiere Pro, Final Cut, AE, Davinci Resolve, Sony Vegas, and also even more!

Plates, credit scores styles, title screens, overlays-to-make-your-pitch paper-look-fancies. Call them what you desire, however they help you significantly by making an average title screen appearance outstanding. As well as if you're one of the crazies, you can also edit them with Photoshop.

We really did not stop with the styles because we wanted to give you a special ACIDBITE touch. 16mm and photo film and also a CRT monitor from dad's basement that is.

TOTALLY CUSTOMIZABLE! DO NOT HESITATE!

With this plan, you obtain a fully editable PSD file for each design. You can change and also delete aspects or experiment with them. We also added special 16mm and CRT shots of detail aspects. If you are as careless as we are, you can simply make use of the PNG documents and also add text to your editing software program.

ANALOG TEXTURES.

Simply offering you PSD and PNG documents were not enough when our natural urge to play kicked in. We changed and also set the styles in motion by subjecting them on Kodak Vision 3 50D 16mm product, 135 b/w picture movie as well as catching them off a CRT screen.

NO WORK, NO PROBLEM.

Because our PLATES are based on blend modes, your most uphill struggle will certainly be choosing which one to use. Drag as well as drop them into your timeline and readjust the blend setting. Done!
