MotionVFX - mLogo3:

mLogo 3 is a collection of 30 dynamic logo animations designed for Final Cut Pro and Motion, enabling users to create visually striking motion graphics effortlessly. Simply drag your logo onto the drop zone, customize colors, and showcase professional animations to captivate your audience.

The presets are straightforward, effective, and optimized to enhance workflow efficiency. Compatible with Final Cut Pro 10.0.8, Motion 5.0.7, or newer versions, mLogo 3 supports both Apple Silicon and Intel chips.
