Ezra Cohen – Retro Stingers SFX (WAV): We were inspired by films like Alien, Bladerunner, and Annihilation's retro sci-fi aesthetic. Bodytalkr was our producer and we spent hours recording various synthesizers, twisting and distorting sounds in order to create the perfect collection.

SOUNDS OF ODYSSEY: SFX

This pack includes over 100 sound effects, 5 instrumentals, and a variety of other sounds that will help you take your film to the next level. You can even get a lot of the sound-inspired elements in this trailer (Pro Pack only). These include analog circuit-bent video distortion textures and waveforms from the Bodytalkr synth instruction manuals.

VINTAGE TEXTURES

I was inspired by retro sci-fi films like Alien, Bladerunner, and Annihilation. So, I collaborated on a project with Bodytalkr, a master of vintage analog texture.
