Most important instruction:

- First, open the image in Photoshop. Then, you can expand the area around the image to get the best outcomes. Select the background image you want to use and apply the cropping tool on the tools bar, then extend it to all sides. It is now time to resize the image. To increase the size of your image, select the crop tool. The menu is on the right. In the menu at the top, you will find the W H Reso 3 boxes. Note: W 3000px. 2000px, Resolution 72. Then Press Enter.
- Open your image. Create a new layer, after which you can modify the label into "paint" (in lowercase). Select a brush to paint your image. Then, close your "paint" layer eye and keep the selection "paint" layer then click the play button.
