The Watercolor Typography Effect Studio is an Add-on for Photoshop CS5 and CS6 as well as the CC software that allows users to convert forms and black text into realistic, vivid watercolor exactly as if they had been created by hand!

Watercolor Typography Effect Studio is not just a graphic or texture style, it's a full effect lab for watercolor that gives the user control over every aspect of the look of watercolor. Darken the outline and add texture, paint on custom Ombres blend colors, sprinkle on some gold, and more! This is the very first of its kind, and you'll never find anything other than it.

You can effortlessly drop various colors in any location you like and then see the results immediately! Metallic effects in silver and gold are also available. Simply apply it and observe the results live!

It is simple to use! This add-on is ideal for intermediate and beginner users. Video tutorials that are professional and concise are included, and they describe each step in just one or two minutes! You will get amazing results using this addon right away. There is no necessity to set up any styles, components brushes, scripts, or styles. Just open the Photoshop document, follow the five-minute video tutorial and begin making!

Bonus Addons Included!

- Texture Creator: Transform any image into a water texture using this add-on. Make low-resolution watercolor samples such as sunset photos or images with vibrant colors into high-resolution watercolor typography!
- The Hand Drawn Press converts everyday types and shapes to hand-drawn lettering!

The requirements for this product are Photoshop CS5, CS6 as well as Creative Cloud.

- Ideal for intermediate and beginner Photoshop users who are beginners and intermediate. Tutorial videos are provided.
- It is recommended to use an operating system with at the very least 1.5GHz processor speeds. Any modern Mac or PC can be used (this effect is moderately heavy on processors).
