# Instagram Story And Post Minimal Frames (Videohive 45064641) - AE Project

2025-02-10 16:45:32　　label 我要反馈　　下载页面

Instagram Story And Post Minimal Frames VH-45064641: The Instagram Story and Post Minimal Frames After Effects Template is a customizable video template for individuals or companies wishing to make clean and minimalist Instagram Stories or Posts.

This template has several placeholders for videos or photos, along with text descriptions and logos, all with simple and elegant frames that add visual appeal to the content. You can easily change the placeholders using your pictures and text by using Adobe After Effects software.

The template is also animated with effects and transitions to make an appealing and captivating article or post that grabs the nterest of fans.

This template can design a range of Instagram Stories and Posts in a clean and modern style, such as announcements, product promotion events, etc. This template can show your company's image, highlight your services or products, or interact with users innovatively and effectively.
