

3D Earth Connections (Videohive 23573012) - AE Project

2025-02-10 16:37:17 [label](#) [我要反馈](#) [下载页面](#)

3D Earth Connections - AE Project VH-23573012: 3D Earth Connections is a brand new template and script compatible with After Effects CC2014 or higher, which lets you make connection lines between various countries in the 3D World model. 3D Earth Connections is not an easy pre-rendered animated animation with built-in connections to predefined locations that cannot be changed or relocated. This template allows you to create your custom animation by selecting endless connections! Use the "Location Finder" tool to locate and pin a marker on your city, area, or country. Select two countries to connect, and click"Create Connections. "Create Connections" button!

How to animate animation in After Effect?

you can use 3D Earth Connections - AE Project.
