What is 3D icons for explainer video?

"3D icons for explainer video AE project" refers to three-dimensional icons created for use in Adobe After Effects (AE) projects. Explainer videos often utilize icons to visually represent concepts, ideas, or actions in a clear and engaging manner. Using 3D icons can add depth and realism to these videos, making them more visually appealing and dynamic.

These icons are typically created using 3D modeling software such as Blender, Cinema 4D, Maya, or 3ds Max. Once created, they can be imported into After Effects where animators can further manipulate them, add textures, lighting effects, and integrate them seamlessly into their video projects.

Using 3D icons in explainer videos can help grab the audience's attention and convey complex ideas more effectively. They offer a modern and professional look to the video and can enhance the overall viewing experience.
