A Wandering Tribe – Ascend Collection (XMP): Our Ascend Collection was inspired by the variety of lighting, colors, and shooting styles. It is designed to highlight skin tones in a variety of creative styles, so your images will look stunning. The Ascend Collection helps bring out the colors in your images. You can also use them to create an original artistic look.

The Ascend Collection includes 6 core presets, as well as variations of each. This gives you 20 amazing looks! These presets are complemented by our 4 classic workflows presets: Add, Remove, Sharpen, Add Sharpening, and Remove Sharpening.

Presets are digital products that can be downloaded and used with the current Adobe Photoshop ACR or Adobe Lightroom. All sales of Downloadable products are final due to their nature. For further information or to purchase, please refer to the F.A.Q. question on the shop page.

- This gives you a cinematic look. Cinematic tones are the ideal preset for any image. It gives it a strong pop and contrast of colors. Cinematic tones are always focused on skin tones. You will only need to adjust the white balance and exposure settings for Cinematic tones.
- There are many variations of the warm and soft edits in our Clean Presets. This preset is great for any image. It has many wonderful creamy and soft tones that make any image beautiful to look at.
- Our Colorful presets are a great way to bring out the classic warmth and color of our edits. They also make it easy to customize them. These presets are clean and powerfully colored without being overwhelming.
- Our Earthy Presets have a special charm. These Earthy Presets give you the freedom to create amazing images. These presets are unique because they feature moody greens and warm shadows.
- Our Vintage Teal and Orange preset, last but not least, are great. These presets are a blast from the past and capture the light and airy oranges of classic images. This modern twist on a classic look will make you smile while editing.
