**Gamut – Faction LUT Collection:** The Faction LUT Collection is designed for filmmakers seeking a Hollywood-inspired color palette, with a unique twist on the classic Orange and Teal look. It features cool tones that complement warm colors, elevating visuals to a cinematic level. Gamut, the creator of the collection, specializes in developing high-quality color grading tools, working closely with filmmakers and photographers. The collection includes six LUTs in .cube format, compatible with Adobe Premiere Pro, Final Cut Pro, DaVinci Resolve, and most other software that supports LUTs. It also works with a wide range of mirrorless and DSLR cameras.
