This Photoshop action script is a completely new concept. You can control everything, each layer is separate, and you'll get all the details about how to use it and how to customize it. The video below shows how to create many different color versions. You have full control over the effect. You can increase its density, stroke, or style. All you need is to use it and adjust.

You can be an artist with no experience. Just one click will make your photos art. Amazing performances are just one click away.
