Aescripts Match Position v1.1

2025-02-10 16:37:02   label 我要反馈   下载页面

The Aescripts Match Position v1.1 Introducing MP Palette This toolkit enhances scene setup workflows in After Effects, offering features such as effortless null object creation, seamless layer alignment, coordination between 2D and 3D spaces, and efficient layer distribution.

How to simplify linking 2D screen space to 3D coordinates in After Effects?

You can use "Aescripts Match Position" to design your project.

It streamlines processes like null parenting, position, and orientation matching, and links 2D screenspace to 3D coordinates.

"Aescripts Match Position" Samples:

Additionally, it simplifies layer distribution, providing precise control over distances and enhancing workflows involving cameras, lights, and parallax layers.
