Multi Screen Intro - AE Project VH-50930809: Compatible with After Effects versions CC2019 through CC2023, this template offers versatile resolutions including 4K (3840×2160), Full HD (1920×1080), and Vertical (1080×1920). You have ample space to personalise your project with 65 media placeholders and nine text placeholders. A comprehensive video tutorial is provided for guidance, and the modular construction ensures easy editing. Plus, the non-plugin version simplifies the editing process, making it accessible to all users. Elevate your projects effortlessly with this user-friendly template.
