Zenhiser H20 WAV: H20 is the first release in the Zenhiser collection consisting of Sound FX & Foley. The vast collection of superior 48 kHz sound wave files explores the world of water-related fx and provides an enormous digital collection of water sounds that is second to the rest. They were recorded on location. Authentic audio recordings capture water sounds, ranging in frequency from Ocean Sounds, River Sounds, and Waterfall Sound to Water Drop Sounds and water Splash Sounds, Tap Sounds, and a wide range of Running Water Sounds.

These beautiful water sound fx are suitable for various professional audio needs and come with an extensive library of water sound effects for both post and pre-productions. H20 contains over 320 megabytes of water and sounds pristine as wav files. The sound fx pack contains a complete description of each sound and clear file descriptions that make the water sound fx easy to catalog.

H20 contains a range of ocean sounds, including:

- Calm Sea Sounds
- Ocean Sounds
- Choppy Water Sounds
- Waterfall Sounds
- Water Dripping Sounds
- Water Bubbles Make Sounds
- Bathtub Sounds
- Sink Sounds
- Lapping Water Sounds
- Fizzing Water Sounds
- River Sounds
- Stream Sounds
- Water Burst Sound
- Waterways Sounds
- Tap Sounds
- Tunnel Sounds, Water Tunnel Sounds, and much more
