Human Video Co – POPCORN TITLES:

This product offers 25 static cinematic titles compatible with DaVinci Resolve, Premiere Pro, and After Effects.

Installation is effortless, with drag-and-drop functionality for Premiere and a one-click installation process in DaVinci. Fully customizable, the titles allow users to adjust colors, fonts, text, and icons with ease, even for those with minimal editing experience.

Designed for convenience, these titles provide a professionally crafted aesthetic, enabling users to focus on storytelling and style. Carefully curated font selections enhance reusability and visual appeal, making high-quality design accessible and efficient.
