#### Everything you will Learn

Lightroom Classic is the world’s hottest editing tool since it is strong and simple to use. And in this program, you will see tips that could help you strategy common tasks--by importing to processing your own photographs -- even more economically. And you will find tips and techniques for importing your photos, customizing the interface, and picking panels and modules. Besides, you will learn tips for batch processing multiple pictures, highlighting sliders and segments, cleaning up presets, and much more.
