Particle Text Animator (Videohive 42771260): Magic Particle Text Animator is a powerful toolkit designed for Davinci Resolve to create an elegant opening sequence for your wedding invite, celebrations of a happy birthday or new year and fireworks or gold-award winning video opening film for the holidays or cinematic.

Select from 20 in-and-out animations presets, and four pre-made color presets (or make your own). Customize snow particles and communicate what you think to your crowd with glowing lights.

It can be used with any typeface color, color, or resolution, including vertical ones for Instagram. Video tutorial included.
