Unreal engine - Modular Dungeon - Stylized Dungeon - Dungeons - Dungeon:

Following the remarkable success of our medieval environments, we've embarked on crafting a captivating Medieval Dungeon Kit inspired by the essence of our beloved shows and games.

Style:

Drawing inspiration from contemporary anime, JRPGs, and MMOs, our art style embodies a unique fusion of visual elements.

- **Seamless Exterior/Interior Flow:** Unlike typical interior-only environments, our kit boasts a captivating forest entrance, ensuring unparalleled plug-and-play convenience.
- **Customizable Foliage:** Harness the power of color-instanced materials to tailor foliage saturation, emissive effects, and hue to your liking.
- **Modular Design:** With meticulous attention to modularity, nearly every element in the pack is modular, facilitating the creation of expansive and infinitely diverse procedural dungeons.
- **Optimization:** Despite its intricate detail, our environment is meticulously optimized, ensuring seamless rendering of every intricate detail.
- **Comprehensive Content:** Packed with 119 meshes, our kit provides everything you need to craft the next JRPG sensation or standard RPG/MMO experience.
- **Landscape Materials:** Explore endless creative possibilities with three versatile landscape materials—Ground, Ground Rocks, and Grass—allowing for the creation of unique and original maps.
- **Visual Effects (VFX):** Elevate your immersive experience with our meticulously crafted VFX, featuring hand-made fires and a mesmerizing hellish green effect.

Technical Details:

- **Unique Meshes:** 119
- **Materials and Material Instances:** 78
- **Textures:** 113
- **Texture Resolutions:** 512x512, 2048x2048, 4096x4096
- **Collision:** Auto-generated
- **LODs:** Automatically generated
- **Vertex Count:** Ranges from 9 to 40,000 (for skeletons)
- **Supported Platforms:** Compatible with Windows and iOS operating systems.
