Where can I download the product?

After subscription, You can download it for free from here.

The project, designed for the new MacBook Pro version, comprises 21 distinct scenes characterized by minimalistic design and modern aesthetics. Each scene, approximately 10 seconds long, showcases various website perspectives, highlighting layout, usability, essential tools, and segments.

The dynamic and rhythmic animated text emphasizes the advantages of the showcased website. Noteworthy features include compatibility with After Effects CC 12 and higher, full HD resolution at 30 frames per second, absence of required plugins due to pre-renders, modular structure for easy editing, quick rendering, customizable background colors or transparency, and an effects control panel.

Package information

This After Effects project is compatible with Creative Cloud, includes After Effects Project Files, and offers resizable resolution.
