What is Mavic Pro LUTs?

Mavic Pro LUTs, or Lookup Tables, are color grading presets used in video editing and post-production to apply a specific color grade or look to footage captured with the DJI Mavic Pro drone. These LUTs help enhance the color and style of your videos, giving them a more cinematic or customized appearance.

Mavic Pro LUTs are often created by professionals and enthusiasts and can be found for purchase or download on various websites and marketplaces that specialize in video editing resources. These LUTs can help you achieve a specific cinematic

look, correct color issues in your drone footage, or apply creative grading for your videos.
