Make more stunning cut-points between your videos using transitions. Interactive transitions that are perfect to be used in your next project. These 4K videos are pre-rendered and have a length in the range of 1.5 seconds. To use them, move them on your edits, and then use the matte or Inverted Matte modes. Motion graphics transitions stock pack contains a huge collection of more than 120 transitions. Matte Transitions is a ready Aftereffects template for Luma Matte Modern Transitions in flat animation style. Utilize it to improve your promotional videos such as short clips, promo animations, or any motion graphics, just drag the component into your compositions, then transform it and put the Luma mattes transition pack in the place you'd like it to be. Alpha channel is part of Mate Transition Pack HD, meaning that the background is translucent and you can put the footage anywhere on your scene. Rampant Matte Transitions The AE Project is a well-documented .aep file that you can customize and incorporate into your projects.
