The way to configure Photoshop to utilize activities.

1. Make Sure you're using the English version of Photoshop. Each activity was produced and optimized to operate just with the English edition of Photoshop, therefore please be certain you are using this variant. Otherwise, do not worry, you can change the language of the version of Photoshop into English (and change back) with this technique
2. Use Both the RGB Mode and 8 Bits color. To test these settings, then go to Image->Mode and assess the"RGB color" and then"8 Bits/Channel"
3. Use A photograph with 72dpi or not (please resize your minimal picture 3000 px for greatest result)
