What is Emotive Lightroom Presets & AI Tools – Desktop & Mobile?

"Emotive Lightroom Presets & AI Tools – Desktop & Mobile" is a photography-related product offering a collection of presets and AI-powered tools for use with Adobe Lightroom, a popular software photographers and creatives use to edit and enhance their photos.

Presets are pre-configured settings that can be applied to your photos in Adobe Lightroom to achieve specific looks, styles, or effects with just a single click. These presets are designed to enhance the overall mood, color, and tone of your images, allowing you to achieve consistent and professional results across your photography portfolio.

AI (Artificial Intelligence) tools in this context refer to advanced algorithms that assist photographers in achieving specific editing outcomes automatically or with enhanced efficiency. AI-powered tools can analyze the content of an image and suggest or apply adjustments based on patterns, colors, and other factors.
