Would You like to include stunning lighting, sun flare, haze, and Bokeh to your pictures in Lightroom?

Look no farther than the Luminous Series for Lightroom. New improvements in the Lightroom grow module has enabled us To make presets which will improve the realistic appearance and texture of Natural sunlight moves and haze!

And for the very first time in Lightroom, Now You Can add Bokeh with only a click of a button!

THE LUMINOUS: BOKEH, SUN FLARE & HAZE PRESET COLLECTION IS Ideal FOR:

- Adding light to pictures Taken under dark and muddy conditions
- Improving natural backlighting
- Supplementing mild in Underexposed images which you may otherwise discard
- Adding creativity with simple one-click bokeh, sun flare, and haze presets

THE LUMINOUS PRESET COLLECTION INCLUDES:

- 32 Apartment Picture Presets
- 10 Light Leaks
- BONUS: 32 Vertical Picture (Beta) Presets
- Compatible with Lightroom 5, Lightroom 6, Lightroom Classic along with the Creative Cloud (CC)
- Presets can now be synced From Lightroom CC into the Lightroom Mobile App to be used on your cell phone!
- Works on both Mac and PC
- Works on RAW and JPEG Pictures
- Education video and guide Tutorial links about the best way best to use the established
- Immediate Download

The perpendicular presets to be used on vertical pictures are a free Bonus plus a beta variant. This implies That we expect they'll work for everybody but there's the possibility they may not operate on all graphics. This Is the Reason Why they Are a BETA version and therefore are included as a free bonus. Because of the radial filter processing system in Lightroom, which is out of control, the outcomes might vary.
