Unreal Engine Asset - Medieval Castle Interior + ULAT v5.3: Medieval Castle Interior is a meticulously crafted collection of high-quality assets optimized for Gameready Projects, created by the talented artist Frank van Halteren.

Includes Showcased Preassembled Scene

If you're looking to populate your game environments or any kind of Virtual Production levels, this pack offers high-quality visuals and well-optimized assets.

Ultimate Level Art Tool (ULAT):

This product also includes ULAT (Ultimate Level Art Tool) which was originally priced at $100.
ULAT, short for Ultimate Level Art Tool, is a modular design development tool for mobile and web-based systems.
