Psychedelic Transitions 3D (Videohive 44295570): Psychedelic Transitions is an assortment of futuristic 3D hallucinatory transitions presets that work with Davinci Resolve. These macros are compatible with any frame rate, length duration (responsive) as well as 4K, and FullHD.

You can alter each transition macro's strength, displacement effect, flash effect, and speed. This sci-fi set of transitions is perfect for cinematic films, music video clip trailers, horror teasers, freaky film fashion or fashion-related promos, or any other scientific or futuristic video. Macros include effects such as glow, distortion, glitch, fisheye, and camera movement.

Reduce the time spent in video production and take your projects up to the next stage. The perfect toolkit for filmmakers as well as videographers, broadcasters of TV, and bloggers who want to improve their videos on social media platforms.
