Unreal Engine - Modular Medieval Town - Village - Medieval Village (Interiors Included):

Introducing our latest creation: a meticulously crafted Medieval environment, a culmination of community requests and inspired by today's leading stylized aesthetics.

- **Modular Buildings:** Construct your own bespoke scenes effortlessly with our modular building pieces, designed to seamlessly snap onto a standard grid at 10-unit intervals.
- **Interior Spaces:** Explore intricately detailed interiors within every building, elevating immersion and storytelling possibilities.
- **Enhanced Visual Effects:** Immerse yourself in the ambiance with newly revamped VFX for chimneys, fireplaces, and torches, breathing life into the medieval setting.
- **Dynamic Vertex Painting:** Tailor the appearance of walls with ease using vertex painting, allowing for adjustments ranging from brick textures to cracked surfaces.
- **Versatile Flooring:** Utilize floor vertex painting to blend between various materials, offering flexibility between base bricks and sandy textures.
- **Diverse Landscape:** Traverse through three distinct landscape materials, ranging from sandy terrain to cobblestone pathways, each adding depth to your world-building endeavors.

Technical Specifications:

- **Unique Meshes:** 63 meticulously crafted meshes ensure versatility and detail in your creations.
- **Materials and Instances:** With 39 materials and material instances at your disposal, customization options are limitless.
- **Texture Resolutions:** Enjoy high-resolution textures, ranging from 2048x2048 to 4096x4096, ensuring unparalleled visual fidelity.

Embark on your medieval adventure and unleash your creativity with our comprehensive Medieval environment package.
