Limitations, even Good Parents have a few difficulties!

You can't copy parents' control in A different: it will not work, sorry.

If you replicate one controlled by layers with Parents, You will have to reset the Parent layers.

Oh, also, scale May function. I am aware of humanity! Well, It's a Later Outcomes insect.

New Changes:

- bodymovin compatibility update
- Switch parents openly
- ONOFF Parenting
- Works together with 3D layers, including Element 3D, along with also Raytraced Shapes
- Employing Great Parents is super simple.
- Select your layers and how many parents you need (do not worry, you can upgrade the Number of parents afterward)
- Super easy interface
- CustmEffect
- The Decent Parents effect enables you to assign and keyframe the parenting
- Use keyframes Parenting like every other land
