MotionVFX - mTransition Simple Pack:

mTransition Simple Pack is a set of 50 minimalistic transitions for Final Cut Pro X (FCPX), designed for versatility and ease of use.

Simply drag and drop a transition into the timeline and place it between clips. These transitions offer customizable durations, allowing you to double-click and adjust their time span to suit your edit.

With their sleek and universal design, the transitions seamlessly fit any project, providing an elegant solution for smooth passages between video segments.
